

Summary

Innovative Frontend Developer with 2 years of hands-on experience in building dynamic web applications using a robust technology stack including React.js, JavaScript, and various frameworks and libraries such as Tailwind CSS, GraphQL, and Material-UI. Adept at full project lifecycle from design through deployment, with a keen focus on optimizing user interface and enhancing user engagement. Effective collaborator known for contributing to team success through hard work, attention to detail, and excellent organizational skills.

Experience

Frontend Developer

Metdaan
Pristina
May 2023 / Present

Spearheaded the development of responsive, scalable web applications using React.js and Tailwind CSS. Ensured robust, maintainable code and captivating user interfaces. Integrated TypeScript to enhance system reliability and maintainability. Leveraged Zustand and custom React hooks to streamline state management, improving performance and responsiveness.

Frontend Developer

Pabau Clinic Software
Pristina
May 2022 / May 2023

Architected and implemented front-end solutions for high-traffic cinema booking systems using React.js and Less. Enhanced system architecture and user experience. Optimized data handling and UI performance by implementing GraphQL and leveraging Hasura for efficient data synchronization.
